LORENZO NICHOLAS CENTENO

UI/UX Designer | Co-Founder & Project Manager

Macabebe, Pampanga | +63 954 048 9964 | lorenzonicholas@gmail.com

Portfolio | LinkedIn

PROFESSIONAL SUMMARY

UI/UX Designer and Co-Founder of IdeaHub Studio with experience designing web dashboards, mobile applications, and responsive websites. Combines user experience planning, interface design, interactive prototyping, and design systems with project management and client coordination. Translates requirements into clear user flows, reusable interfaces, and documentation that supports development handoff.

CORE SKILLS

UI/UX: User flows, information architecture, wireframing, high-fidelity UI design, interactive prototyping, responsive web design, design systems, component libraries, developer handoff.
Project management: Client discovery, requirements gathering, scope definition, project planning, stakeholder communication, proposals, cost estimation, technical documentation.

PROFESSIONAL EXPERIENCE

IdeaHub Studio | 2025 - Present

Co-Founder, UI/UX Designer & Project Manager

- Lead UI/UX design for web dashboards, mobile applications, and marketing websites, from discovery and user flows to high-fidelity interfaces and interactive prototypes.
- Translate client goals and functional requirements into design deliverables, project scope, proposals, and cost estimates.
- Manage project planning and client communication, aligning design priorities, deliverables, and development requirements.
- Build reusable UI components and design systems to maintain consistency across screens and support developer handoff.
- Create AI-assisted prototypes, develop and refine them in VS Code, manage code with GitHub, and deploy to Vercel for rapid review and iteration.

Freelance IT Support & Computer Technician | 2022 - Present

- Provide hardware diagnostics, Windows configuration, network troubleshooting, and remote technical support for local clients and small businesses.

SELECTED PROJECTS

Lodging Technologies | UI/UX Designer & Project Manager

- Manage the project from discovery through delivery, translating client requirements into design direction, project scope, and implementation documentation.
- Completed Phase 1 delivery; Phase 2 CRM implementation is ongoing.

Invictus Energy Solutions | UI/UX Designer

- Designed UI/UX for a corporate website, web dashboard, and mobile application using Figma and FigJam.
- Created interactive prototypes and a design system; prepared technical requirements, project proposals, and cost estimates to align product planning with development.

TOOLS AND TECHNICAL KNOWLEDGE

Design: Figma, FigJam, Canva, Octopus
Development collaboration: HTML5, CSS3, JavaScript, GitHub, VS Code, Vercel
AI prototyping: ChatGPT, Claude, Gemini, Lovable
Currently learning: React, Next.js, Tailwind CSS, TypeScript

EARLIER LEADERSHIP EXPERIENCE

Account Manager, Multi-Access Cooperative MAX | 2021
Account Supervisor, Enviroclean Manpower Services | 2015 - 2021
Area Coordinator, Powermaster Incorporated | 2014 - 2015
